

# The Hobbit: One Diorama to Rule Them ALL!

## 2<sup>nd</sup> 9 Weeks Extra Credit Project

Worth: Up to +30 on the Major Grade of your choice

If you choose to do the extra credit project you will be making a **diorama** of a scene and action from the novel, *The Hobbit*. Be sure to reread the chapter that you are choosing your scene from. Not accurately remembering something could cost you big. Be sure to not confuse the movie with the book as well. (You have the option to display your scene by using the camera on your iPad and doing a stop-motion picture as well.)

Rubric (Total of +30 on a Major Grade)

Title is displayed (+2)

Action is present and accurate as it is described in the book (+10)

Scene is displayed accurately as it is described in the book (+10)

Characters are present and accurate as they are described in the book (+4)

You may choose your own scene and action for your diorama or you can use one of my suggestions.
